

ARPA Update

I mentioned three weeks ago that we were planning on bringing the initial ARPA discussion to the City Council on August 10th. We have been going back and forth with our consultant, HDL, and the State to better understand the restrictions on the money so we can present information and be prepared to discuss all of our options. Unfortunately those discussions are taking longer than I would have liked but it is wise to push this item to the first meeting in September.

Subject: ARPA

George,
I know that Staff is working on getting the item to the September 14th meeting. I don't think an earlier time is possible. It's important they have all the information necessary so we can make informed decisions.
Sincerely,
Sue
